

- Stabilizes fuel
- Cleans entire fuel system
- Removes carbon deposits
- Reduces emissions and soot

**ALGAE-X® Fuel Catalyst** is a powerful full spectrum additive and tank cleaning agent. It provides superior fuel quality for engines and storage tanks, lowering operating cost, maintenance and downtime.

The Fuel Catalysts unique formulation eliminates the build up of sludge, improves combustion and reduces harmful emissions.

**AFC-705® / AFC-805® Fuel Catalyst** is a concentrate that cleans heavily contaminated fuel systems and storage tanks. It dissolves tank sludge, stabilizes the fuel, restores **Optimal Fuel Quality**, and preserves the integrity of stored fuel up to 12 months.

**AFC-705® / AFC-805® cleans your tanks**, and when added with each refueling, enhances combustion, eliminates carbon deposits, reduces harmful emissions, and **lowers fuel consumption**.

**AFC-705® + Anti Gel = AFC-805®** a winter additive to reduce the pour point and avoid fuel gelling.

	AFC-705	AFC-805
<b>Contents</b>	combustion catalyst surfactant dispersant corrosion inhibitor lubricity enhancer	combustion catalyst surfactant dispersant corrosion inhibitor lubricity enhancer anti gel
<b>Treatment ratio</b>	1 : 5000	1 : 2500
<b>8 oz bottle</b>	320 gallons	N/A
<b>16 oz bottle</b>	N/A	320 gallons
<b>1 gallon jug</b>	5,000 gallons	2,500 gallons
<b>55 gallon drum</b>	275,000 gallons	137,500 gallons

## Optimal Fuel Quality for Peak Engine Performance.

### Eliminates Tank Sludge

- Cleans fuel storage and delivery systems
- Stabilizes and restores fuel quality
- Dissolves and disperses sludge and slime
- Eliminates costly tank cleaning and disposal fees

### Reduces Harmful Emissions

- CO – HC's – NOX – SOX – PM  
VOC's – Carbonyls – PAH

### Provides Peak Engine Performance

- Improves combustion
- Removes and prevents carbon build up
- Prevents corrosion and coking of injectors
- Lowers fuel consumption
- Adds lubricity to low sulfur fuel
- Extends equipment life

**AFC-805 lowers the pour point**

Use in Diesel, Gasoline, Kerosene, HFO, Hydraulic fluid, etc.
